Our Anniversary Hunt

12 memory clues that lead to your anniversary surprise. Print, cut, hide and hand over the first card.

How to set it up

1. Cut out the clue cards and the final card along the dashed lines.
2. The small note under each card stays on the paper scrap. It tells you where to put the next card.
3. **Use the clues in any order and leave out or swap any of them.** Keep the clue whose note names the final card for the end.
4. Keep the first card and hand it to your partner when the hunt begins.

Good to know

- Hide the cards backwards: the final card first, then the clues from the end to the start. That way no spot gets skipped.
- Page 3 has blank cards for clues of your own.
- No such place in your home? Pick a similar spot close by.
- Want a clue that arrives on their phone? Draw it as a love note in the **Soy & Mochi** app and send it.

✂ Cut along the dashed lines. The small note under each card is for the hider and stays outside the card.
